Dear David

Re: Referee for services

As discussed I write in relation to providing a referee for your business.

I ask D & K Painters to quote us for 2 separate jobs of painting the inside of our home. The quotes provided by David were very competitive and reasonable. I decided to go with David and his team because he appeared very professional and personable in my communication with him. I was not disappointed with the service and professionalism provided by David and his team.

I relied on David to undertake the painting while I was at work and I was impressed by how quickly the work was completed and the exceptional quality of the job. My home was treated with the utmost care and left clean and tidy as though no-one had ever been there.

David is reliable and courteous. When I find a trustworthy, professional and skilled tradesman that I can trust with the care of my home, I consider myself very fortunate.

I would wholeheartedly recommend David and his team. I know I will require further painting in the future and I will not hesitate to ask David and his team to undertake the works.

Yours Sincerely,

Kristy Prowse
